About d.light design

d.light design is a fast-growing international consumer products company serving people without access to reliable electricity. Our mission is to enable households without reliable electricity to attain the same quality of life as those with electricity. We will begin by replacing every kerosene lantern with clean, safe and bright light. By 2020, we aim to have improved the lives of 100 million individuals.

d.light design is financed by prestigious venture capital firms including Nexus Venture Partners, Draper Fisher Jurvetson, Garage Technology Ventures, the Mahindra Group; with investment from leading social enterprise funds Omidyar Network, Acumen Fund and Gray Matters Capital. We were recently awarded the Ashden Award for Sustainability and named for the second year in a row as one of the world's top 100 clean technology enterprises by the CleanTech Group.
